

Let's Play Jan-ken aka 'Paper, Scissors, Rock'

The game:

- Choose an entry amount per player and the percentage of the pool that the winner will receive – or kindly donate all of it to Paralympics Australia.
- Pair up and play! If you have an odd number, three can play. You could play to the best of three, or just one game per round.
- If you lose, you're out.
- BUT you could ask players to buy back into the game after a certain round.
- The last player standing is the winner and your Jan-ken champion.
