

Office Chair Races

Fundraising options: Ask participants to pay an entry fee, using Grassrootz to collect the money.

What you will need:

- A long corridor or large room
- Office chairs on wheels
- A stopwatch (most smartphones have one)

The game:

- Choose a long corridor or large, obstruction-free room to hold an office chair race.
- Mark a start and finish line, with the first participant past the post declared the winner. BE CAREFUL!
- Depending on the number of participants, you may need to run heats, semis and finals.
- If your corridor is narrow, participants should race on their own – fastest time wins!
