

Office Scavenger Hunt

Fundraising options: Teams could pay an entry fee to participate, or an individual fee. You can use Grassrootz to collect all fees.

The game:

- Write a list of 26 items – one for each letter of the alphabet – for teams to collect from the office e.g. A = Art, B = Book.
- Challenge players by blindfolding one member of their team, who must be the one to pick up and carry the items back to the meeting point, or asking all players to tie one hand behind their backs, use two fingers to pick up and carry the items, etc.
- If you're feeling really creative, you could write a riddle instead e.g. Fill me up with metal, and let me do my thing. Get some sheets of paper, I'll have them a-ttach-ing! (S = Stapler).
- Not all the items on the list have to be something players can carry back to the meeting point. Instead, they could include photos or videos i.e. a photo with someone with red hair.
- You could even leave it open for teams to return with 26 photos of things from A-Z, with points for creativity!
